## GRAMMAR

**The focus of this lesson is (Title of Grammar Point here)**

***Copy and Paste a line from the dialog that uses this grammar point here*** (If this is a romance language, please use italics for this line)

**"Copy and Paste the translation for the line above here"** (Please keep quotation marks | Find this **BLUE** in the font color box: top row, third from the right.)

Here we enter a textbook style explanation of the grammar point in general. For example: usage of grammar point in the conversational context. The language style/register of the grammar point (is it formal, informal, slang, standard, idiomatic expression, popular, etc.). An example of a situation you will most commonly find the grammar point. An example of a ready to use structure of grammar point (for example: To express necessity, use "Il faut" plus an infinitive verb).

**(Subtitle of next explanation of grammar point here)** (for example: conjugation, singular, plural, gender, etc. | Find this **BLUE** in the font color box: third row, third from the right.)

A more detailed explanation of a more specific part of the grammar point. For example, if you want to explain more about conjugation, it goes here. If you want to show the different gender forms (masculine/feminine), it goes here.

**Examples of your explanation go here: (if there are more than two examples we use a table: see below)**

1. *Example in language* (Give the example sentence/word here. If this is a romance language, please use italics for this line)  
 romanization. (romanization of line above goes here - please delete this line if this is a romance language)  
 "translation." (translation of the line above goes here, please keep quotation marks)
2. *Example in language* (repeat above)  
 romanization. "translation."

<b>Construction (if necessary) such as gender, tense, person, etc.</b>	<b><i>Native Language (only italicized for romanized languages)</i></b>	<b><i>Romanization (of your example if necessary)</i></b>	<b>"English Translation"</b>

**Note:** The table headings can vary but usually contain at least two of the headings above (Native language and English translation). This works very well when you have a lot of sample sentences, sample conjugations, etc.

**Examples from this lesson** (Here we copy and paste lines from the dialog that contain the grammar point)

**Examples from this dialog:**

1. *Sentence from dialog in language goes here.* (Copy and paste a line from the dialog that includes the grammar point - keep italics for romance languages)  
Romanization of sentence here. (Romanization of the line above - you can copy and paste from romanization transcript field above - delete this line for romance language)  
"translation of sentence." (Translation of the line above - you can copy and paste from the transcript field above - please keep quotation marks)
2. *Sentence from dialog in language.* (repeat above)  
Romanization of sentence.  
"translation of sentence."

**Sample Sentences:** (Sample Sentences of the grammar point go here. If there are more than 2 examples, please use a table: see above)

1. *Sample Sentence.* (Give the example sentence/word here. If this is a romance language, please use italics for this line)  
romanization. (romanization of line above goes here - please delete this line if this is a romance language)  
"translation of sample sentence." (translation of the line above goes here, please keep quotation marks)
2. *Sample Sentence.*  
romanization.  
"translation of sample sentence."

**Language Tip/Language Expansion/Pronunciation Tip** (use this section for anything else)

---

Add additional information about the grammar point here. For example: placement of the adjectives, exceptions, etc. related to the grammar point's theme. Add information on pronunciation, etc. Add example questions if necessary.
